PROFESSIONAL SUMMARY

Entry-level digital marketing professional with practical exposure to social media, SEO, content creation, email marketing, campaign support, keyword research, market research, competitor analysis, and basic performance reporting.

During my digital marketing internship, I worked on social media content, blog articles, landing page copy, SEO-friendly content, content calendars, campaign coordination, and simple reports. My later experience in recruitment and business support also helped me build strong communication, follow-up, documentation, coordination, multitasking, and deadline-management skills.

I enjoy creating content that is clear, useful, and audience-focused. I am especially interested in how brands use digital platforms to improve visibility, engagement, and lead generation. I have completed the HubSpot Academy Digital Marketing Certification and continue to build my skills in SEO, social media marketing, content marketing, analytics, Canva, Google tools, and AI-assisted marketing workflows.

Currently pursuing an MBA in Digital Marketing to strengthen my long-term career in marketing, branding, and digital campaign execution.

PROFESSIONAL EXPERIENCE

Digital Marketing Intern

Ofcoursocial | Vadodara, Gujarat, India | May 2022 - July 2022

- Supported day-to-day digital marketing work across social media, SEO, blogs, landing pages, content planning, and campaign execution.
- Created content for social media posts, blog articles, captions, landing pages, and marketing materials while keeping the brand voice and audience in mind.
- Helped maintain content calendars and supported content planning, scheduling, and campaign coordination.
- Assisted with keyword research and on-page SEO tasks, including meta descriptions, title tags, headings, and content updates.
- Supported website and landing page content updates to make the copy clearer, more relevant, and easier to find through search.
- Researched competitors, market trends, audience needs, content gaps, and new campaign opportunities.
- Tracked basic campaign performance and helped prepare reports on traffic, engagement, reach, and conversions.
- Coordinated content requirements, timelines, and campaign deliverables with internal team members.
- Assisted with marketing materials, presentations, promotional content, and client-facing communication.
- Reviewed content for grammar, clarity, tone, accuracy, and brand consistency before final use.

Technical Recruiter

Delta System & Software, Inc. | Vadodara, Gujarat, India | Oct 2023 - April 2024

- Wrote professional outreach messages, job descriptions, and communication content for different audiences.
- Used LinkedIn regularly for professional communication, audience targeting, outreach, and follow-ups.
- Handled multiple communication workflows at the same time while staying accurate and deadline-focused.
- Coordinated with stakeholders to keep communication clear, timely, and aligned with requirements.
- Built transferable skills in writing, research, audience understanding, organization, follow-ups, and multitasking.
- Developed messaging skills that support content writing, social media communication, and audience-focused marketing.

Corporate Recruiter

Analytical Technologies Limited | Vadodara, Gujarat, India | May 2024 - July 2024

- Created audience-specific written communication and candidate-facing content for technical and corporate roles.
- Maintained structured follow-ups and internal communication workflows with accuracy and consistency.
- Used research, documentation, and proofreading skills to improve clarity and communication quality.
- Strengthened coordination, attention to detail, stakeholder communication, and multitasking skills.

Executive

K C Mehta & Co LLP | Vadodara, Gujarat, India | Jan 2025 - June 2025

- Prepared written communication materials for internal and external audiences with a clear and professional tone.
- Supported documentation, reporting, research, and stakeholder coordination activities.
- Managed multiple responsibilities in a deadline-focused environment while maintaining accuracy and attention to detail.
- Used organizational and analytical skills to support daily business operations and communication.

AI-ASSISTED DIGITAL MARKETING EXPERIENCE

- Use AI tools to support content ideas for social media posts, captions, blogs, email content, campaign hooks, and marketing copy.
- Create AI-assisted concepts for product visuals, promotional content, UGC-style content, short-form video ideas, and social media creatives.
- Use prompt engineering to generate content variations, caption ideas, campaign angles, and visual directions.
- Explore AI workflows for faster content planning, campaign ideation, marketing documentation, and creative brainstorming.
- Use AI as a support tool while personally reviewing final content for clarity, accuracy, brand voice, and audience relevance.
